*Mallard*  
On July 3rd 1938,  
*Mallard*, driven by Driver  
Duddington, hit 126mph  
(measured over a 1/4 mile)  
on the Grantham to  
Peterborough line pulling  
seven coaches.

Outside the meeting room, the Museum offers a whole host of fantastic experiences to enhance your event, including team-building opportunities galore and fascinating behind the scene tours.

For that extra special event *Valiant* provides the perfect platform. Once referred to as 'palaces on wheels', exquisite Pullman style carriages are the epitome of luxury and style.

The painstakingly refurbished carriage, *Valiant* is the latest addition to the NRM's extensive corporate hire facilities. Finished externally in a nostalgic railway livery and furnished lavishly internally with period veneers, the carriage is ideal for those wishing to experience the ambience of the golden era of train travel. Split into two flexible open compartments, *Valiant* is also well suited as a venue for that extra special meeting, reception or exhibition.

The Morton Suite a set of three new meeting rooms, which can be used individually or collectively, provides the perfect business environment for up to 140 delegates. Split into three, the two smaller of the rooms make ideal board or syndicate rooms and are fitted with state-of-the-art LCD screens, which can also be used as repeater screens when the room is fully extended.

The Walker Suite provides the perfect business environment for up to 120 delegates.

The Allport Room is ideal for boardroom meetings for 18 delegates. Both rooms have separate dedicated breakout areas.

The Gibb Lecture Theatre has tiered seating for 78 and is fitted with an integrated AV presentation system.
